GENERAL CHARACTERISTICS

For those who do not want to give up the quality and solidity of a Queen stove, the Series 7 offers a 700 mm depth and more compact dimensions to fit any room, burners available in various configurations and wattages, enhanced by the refined Scotch Brite finish.
Thanks to its extreme compositional freedom, every composition is possible: you can combine Model i tops with accessorizable oven and neutral bases and hygienic finishes; create customized solutions by matching and attaching equipment back to back, sideways "flush" perfectly sealed, or "bridge" structures, offering high-level solutions that always perfectly meet the chef's needs.
As a total guarantee, all equipment
that make up a Queen7 kitchen are certified in compliance with international standards, including CE, GAR, AGA and others.

TECHNICAL SPECIFICATIONS

Stainless steel compartment Accessory with doors, drawers and heating kit.
Anti-tip guides for gastronorm containers.
Hinged door with athermic handle and magnetic lock, available with right or left opening.
Drawer mounted on stainless steel telescopic slides running on ball bearings.
Load capacity for each drawer kg 60.

Drawers for GN 1/1

Modular, easy to combine and robust.

Thanks to the jet-proofing certification obtained through specific tests, knobs and under-knobs can be washed at the end of the working day without compromising functionality and safety.

The front bar is a comfortable foothold for the cook; it keeps a safe distance from the worktop and thus protects against accidental collisions with what is resting on the worktops and at the same time the handles.
